Color Match

TEC Fabrication & Powder Coat will use all options available to us to get our customers the exact color they request. There are potential variations in color from the swatch or color chart that the customer selected from. These variations could be due to the substrate that is being coated, manufacturer lot differences in coating products and proprietary OEM colors.

I understand that there may be slight variations in color on my part from swatch or color chart.

Signature _____

Protective Clear Coat

I understand that clear coat is an optional protective coat that will increase the life of my coatings. I understand that if I opt out of the optional protective coating that TEC Fabrication & Powder Coat cannot provide warranty to the color coat that is applied to my part including scratching, dings, scuffs or corrosion outside of the craftsmanship warranty.

_____ I am choosing to OPT OUT of an application of a clear protective coat. _____ I APPROVE the of an application of a clear protective coat.

Warranty

TEC Fabrication & Powder Coat takes pride in our coating work. We guarantee all work performed against defects either due to applied coating products or craftsmanship for one year. All warranty claims will be reviewed before any rework or monetary refund is offered. Customer caused damage to coatings due to rubbing, impacts or improper cleaning is not subject to warranty work or monetary refund.
